**Portobello set for parking controls despite residents' objections**

IAN SHAWCROSS  
[www.edinburghnews.com](http://www.edinburghnews.com)

A controlled parking zone is set to be introduced in Portobello despite a majority of residents opposing the move.

The Edinburgh City Council has voted to move to the next stage of the formal process with the controversial scheme.

It would bring in parking restrictions between 8pm and 3pm every day of a week and most residents paying for a permit to park near their home.

## Machines will soon be able to do it all for us

Artwork at the foot of the page

After all, the world is not a machine. It is a living, breathing entity. It is a complex web of relationships, of emotions, of experiences. It is a place where we can find meaning, where we can find purpose. It is a place where we can find ourselves.

But what if we could create a machine that could do all of these things for us? What if we could create a machine that could think, that could feel, that could love? What if we could create a machine that could do it all for us?

**Want to be free of mortgage repayments?**

Release tax-free cash and stay in the home you love, with equity release

Find out how much tax-free cash you could access to help you enjoy your retirement and finally pay off your mortgage. Equity release may provide a lifetime mortgage which is a loan secured against your home, or a home reversion plan. It reduces the value of your estate and requires paying off any existing mortgage. The money released, plus interest, will be repaid upon death or moving into long-term care. Equity release may affect entitlement to means-tested benefits now or in the future. A personalised illustration will explain features and risks.

## Furniture firm helping football club's charity fight isolation in city

**Don Parkinson**  
A major furniture and flooring business is helping a football club's charity fight isolation in the city — by providing a service to help people in need.

The two have teamed up to help people in need, with an hour focused on social isolation and a better life physical activity such as walking and cycling. The charity, which has been set up to help people in need, is now looking for more people to help.

Foundation of Light chairwoman, Lesley Spiller.
